

School Legislation

(Continued from Page 19)

Senate Bill No. 14, providing for the establishment within three years by the State Department of Education of regional training centers for non-educable children, is in the House Education Committee.

Senate Bill No. 16, relating to compulsory school attendance, has been signed by the Governor.

Senate Bill No. 17, relating to the child labor law, is in the House Labor Committee.

Senate Bill No. 19, rewriting the law relating to the publishing and dissemination of obscene newspapers and magazines, has gone to the House.

Senate Bill No. 125, making possible the establishment of a special school district in St. Louis county for the education of handicapped children, is in the House Education Committee.

Federal

It is essential that you continue to interpret to your Congressman the need that your school district has for funds for emergency school building construction. Interpretation of needs from each Congressman's own district will do much to counteract opposition tactics that no such need exists.

Congressman Cecil R. King, Democrat of California, has introduced HR 4662 to permit teachers a federal income tax deduction for summer school and other similar educational expenses. An identical bill (HR 5477) has been introduced by Representative Jenkins, Republican of Ohio. The bills will be considered by the Ways and Means Committee only if there is demonstrated widespread interest in the proposal. Teachers who write their Congressman may want to: (1) ask for a copy of the proposal and (2) urge that the Committee conduct hearings and approve a bill soon for consideration of the House of Representatives. Missouri members of the Ways and Means Committee are Frank M. Karsten and Thomas B. Curtis.

Index of Volume XLIII—September, 1956 to May, 1957

Authors indicated by capital letters.

Months indicated by letters: J—January; F—February; M—March; A—April; May—May; S—September; O—October; N—November; D—December.
